

IndiGo Fact Sheet

The Founding

Founded in 2005, IndiGo commenced its operations on August 4, 2006. Headquartered in Gurugram, this airline has swiftly ascended to become India's largest, with key operational bases in Mumbai, Chennai, Cochin, Delhi, Bengaluru, Kolkata, and Hyderabad.

The airline operates under the code 6E and is recognized by the callsign "IFLY." Leading IndiGo are Mr. Rahul Bhatia, the Managing Director and founder, and Mr. Peter Elbers, the CEO.

The Company

IndiGo's parent company is Interglobe Aviation Limited and it operates to 122 destinations in 2024 with a fleet of 372 aircraft, boasting an average fleet age of 4.6 years. With a market capitalization of Rs. 155 Lakh Crore, IndiGo ranks as the third largest airline globally by valuation.

Key statistics of IndiGo include:

Particulars	2020	2021	2022	2023
Employees	27,812	23,711	26,164	32,407
Passengers (million)	75	29	47	85
Load factor (%)	85.8	69.4	73.6	82.1
Fleet size	262	285	275	304
CO2 emissions (g) per ASK	70	64.7	61.1	59.5

The Fleet

As of today, the IndiGo fleet consists of 372 aircraft, including 45 ATR 72s, 2 Boeing 777s, and a mix of Airbus A320/321s, with a majority being NEOs and a few CEOs. The fleet is expanding rapidly, with a new aircraft being added every week. IndiGo aims to double its fleet by 2030 and anticipates a significant international expansion with the introduction of A321XLR aircraft in 2025.

Key milestones in IndiGo's fleet over the years include:

YEAR	2012	2018	2023	2024*	2025*
AIRCRAFT FLEET	100	200	300	400	500

*Projected.

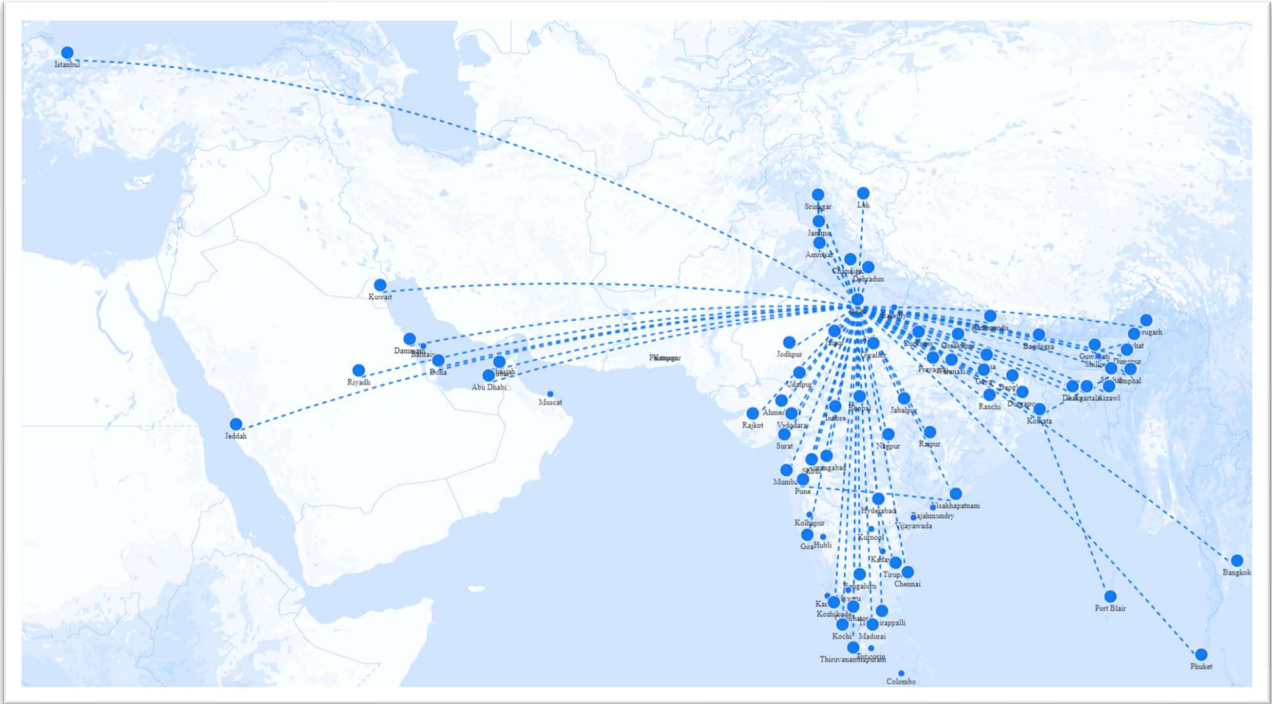

IndiGo Current Fleet Information

IndiGo's fleet order book over the years reflects the airline's strategic foresight and confidence in its growth plans, staying decades ahead of the competition. By placing bulk orders, IndiGo has secured lower aircraft prices and maintained a young fleet by systematically replacing aging airplanes. Additionally, with Airbus's order book filled until 2030, competitors face significant challenges in expanding their fleets at a comparable rate.

	2005	2011	2014	2017	2019	2023	2024	Total
A320	100	180	250		300	500		1330
ATR 72				50				50
A350							30+70	100
TOTAL								1480

The Network

IndiGo flies over 2000 flights a day to over 110 destinations carrying 100 million passengers. Of these over 30 are international destinations.
